

YORK TEMPLE CORPORATION  
MONTHLY NEWSLETTER  
June 2010

The committee wants to express a very sincere "Thank you" to Madonna Chapter OES for their participation in our "Day in May" workday. They had the dining room taped off so they could come in on Saturday the 15<sup>th</sup> and paint out the waistscotting, which they did in spectacular form. They did follow up do the entry hall waistscotting after the 15<sup>th</sup>. Thank you so much and we look forward to your future support.

Having said all that about their participation, I must say the committee was disappointed that no one showed up from York Lodge except for the committee! The three of us did get the new corner board on the southeast corner of the building replaced and a coat of paint on the entry porch. That corner is not square and it took a lot of fitting and shims to get it right. We will cork and paint it out once it has settled. We accomplished a lot for the few numbers we had. Thanks to Dan and Neil for your efforts.

If we can schedule a work day that will better fit your schedules, PLEASE LET US KNOW. We do have a number of things we want to get done on the outside of the building that will not take a great deal of time or expertise, just you being there to help. Again, please let us know when you will be available and we will plan on meeting you to get more things done. Enough said about that for this newsletter.

We have established the new web site for York Lodge and it is available now. [www.masonsmaine.org/york22](http://www.masonsmaine.org/york22) Please take a moment and give it a look and give us any corrections or input you may have. You will find that there is an Events Calendar which is kept current and could be of great use to you to see what is coming up. There is a section for the Temple Corp which also has a Hall Usage Calendar; this includes all the fraternal and private activities taking place in the lodge hall building.

In closing, we want to also recognize our one man lawn mowing committee. You did a great job and it looked great. Thank you Chester!
